Acknowledgements

The authors are grateful to:

- Dr. M. Rudralingam, Consultant in Oral Medicine, University Dental Hospital of Manchester – Chapter 14 – Skin Disorders and Dental Practice
- Dr. I. Macleod, Consultant in Dental Radiology, Newcastle Dental Hospital – Chapter 14 – Skin Disorders and Dental Practice
- Dr. S. J. Brown, Specialist Registrar in Psychiatry at Newcastle Upon Tyne – Chapter 15 – Psychiatry and Dental Practice
- Professor J. V. Soames, Professor R. R. Welbury and Dr. U. J. Moore for providing some of the clinical photographs
- Professor R. R. Welbury (University of Central Lancashire) and Dr. F. Hogg (University of Glasgow) – Chapter 11 – The Paediatric Patient and Dental Practice
- Dr. C. Stroud, Consultant Immunologist at the Royal Victoria Infirmary in Newcastle – Chapter 20 – Immunology and the Dental Practitioner
- Dr. N. Jakubovics, Senior Lecturer, Newcastle University – Chapter 19 – Infections and Infection Control
- Professor P. J. Thomson, Oral and Maxillofacial Surgery, University of Hong Kong – Chapter 16 – Cancer, Radiotherapy and Chemotherapy and Dental Practice
- Lt. Col. D. G. Bryant, Consultant Oral and Maxillofacial Surgeon, James Cook University Hospital, Middlesbrough – Chapter 8 – Renal Disorders and Dental Practice

Contents

1	General Medicine and Surgery for Dental Practitioners: History Taking and Examination of the Clothed Patient	1
1.1	Introduction	1
1.2	Main Components of a Medical History	1
1.2.1	Presenting Complaint.	1
1.2.2	History of Presenting Complaint	2
1.2.3	Past Medical History	2
1.2.4	Medications and Drugs	2
1.2.5	Recreational Drugs.	3
1.2.6	Past Dental History	4
1.2.7	Social History/Family History	4
1.2.8	Psychiatric History.	5
1.2.9	General Enquiry.	5
1.2.10	Cardiovascular System.	5
1.2.11	Respiratory System	6
1.2.12	Gastrointestinal System	6
1.2.13	Neurological System	6
1.2.14	Musculoskeletal System.	6
1.2.15	Genitourinary System	7
1.3	Examination of the Clothed Patient.	7
1.4	Conclusions	10
	References.	11
2	The Cardiovascular System	13
2.1	Introduction	13
2.2	Relevant Points in the History	14
2.2.1	Chest Pain	14
2.2.2	Angina Pectoris	15
2.2.3	Myocardial Infarction (MI)	15
2.2.4	Hypertension	16
2.2.5	Syncope or Fainting.	16
2.2.6	Shortage of Breath (SOB)/Exercise Tolerance	16
2.2.7	Rheumatic Fever	17

2.3	The Cardiovascular System	17
2.3.1	Cardiac Rate/Rhythm.	18
2.4	Common Arrhythmias	18
2.4.1	Sinus Tachycardia (The Pulse Is More than 100 Beats/Min).	18
2.4.2	Sinus Bradycardia (The Pulse Is Less than 60 Beats/Min).	19
2.4.3	Atrial Fibrillation	19
2.4.4	Ventricular Extrasystole.	19
2.5	Cardiomyopathy.	19
2.6	Coronary Artery Bypass Graft	19
2.7	Valve Replacement.	19
2.8	Congenital Cardiac Defects	20
2.9	Cardiac Transplants	20
2.10	Venous/Lymphatic Disorders.	21
2.11	Examination.	21
2.12	Drugs Used in Cardiovascular Disease	22
2.12.1	Beta Blockers.	22
2.12.2	Diuretics.	22
2.12.3	Digoxin	22
2.12.4	ACE Inhibitors	23
2.12.5	Calcium Channel Blockers	23
2.12.6	Potassium Channel Activators	23
2.12.7	Warfarin	23
2.12.8	Heparin.	24
2.12.9	Direct Oral Anticoagulants (DOACs)	24
2.13	General and Local Anaesthesia, Sedation and Management Considerations in the Dental Patient with Cardiovascular Disease . . .	24
2.14	Summary	26
	References.	26
3	The Respiratory System and Dental Practice	27
3.1	Relevant Points in the History	28
3.2	Examination.	32
3.3	Relevance of Drugs in Respiratory Disorders	33
3.3.1	Corticosteroids	33
3.3.2	Beta Adrenergic Agonist Bronchodilators	34
3.3.3	Antimuscarinic Bronchodilators	34
3.3.4	Cromoglycate.	34
3.3.5	Antihistamines	34
3.3.6	Cough Suppressants and Decongestants	35
3.4	Relevance of Respiratory Disorders in the Provision of Local Anaesthesia Sedation, General Anaesthesia and Management in Dental Practice.	35
3.5	Summary	37
	References.	37

4	The Gastrointestinal System and Dental Practice	39
4.1	Relevant Points in History	39
4.2	Examination	44
4.3	Drugs Used in GI Disease	45
4.3.1	Antacids	45
4.3.2	Ulcer-Healing Drug Proton Pump Inhibitors, e.g. Omeprazole and Lansoprazole	46
4.3.3	Drugs Used in Inflammatory Bowel Disease.	46
4.3.4	Pancreatic Supplements	46
4.4	Effects of Gastrointestinal Disease on Local Anaesthesia, Sedation, General Anaesthesia and Management in Dental Practice	46
4.5	Summary	47
	References.	48
5	Neurological Disorders and Dental Practice	49
5.1	Relevant Points in the History	50
5.2	Facial Pain	52
5.3	Other Disorders	52
5.4	Neurological Disorders	55
5.5	General Examination	57
5.5.1	Consideration of the Cranial Nerves	58
5.6	General and Local Anaesthesia, Sedation and Management Considerations in the Dental Patient with Neurological Disease	59
5.7	Effects of Drugs Used in Neurological Disorders on Oro-dental Structures.	60
5.8	Summary	61
	References.	61
6	Liver Disease and Dental Practice	63
6.1	Points in the History.	63
6.2	Examination.	66
6.3	Factors Affecting Dental Treatment Under GA/LA/Sedation	66
6.4	Prescribing for Patients with Liver Disease.	68
6.5	Summary	68
	References.	68
7	The Endocrine System and Dental Practice	69
7.1	Points in the History.	69
7.2	Examination of Patients with Endocrine Disorders	73
7.3	Factors Relating to Dental Treatment and GA/LA/IV Sedation in Endocrine Disorders	76
7.4	Effects of Drugs Used in Endocrine Disorders on Oro-dental Structures	78
7.5	Summary	78
	References.	79

8	Renal Disorders and Dental Practice	81
8.1	Points in the History	82
8.2	Examination of the Dental Patient with Renal Disease	84
8.3	Dental Management of Patients with Renal Disorders	86
8.4	Prescribing for Patients with Renal Disease	87
8.5	Conclusion	88
	References	88
9	The Musculoskeletal System and Dental Practice	89
9.1	Points in History	89
9.2	Disorders of the Bone	90
9.3	Joint Disease	92
9.4	Other Disorders	94
9.5	Examination	96
9.6	General and Local Anaesthesia, Sedation and Management Considerations in the Dental Patient with Musculoskeletal Disease	99
9.7	Syndromic Patients	100
9.8	Joint Disorders	100
9.9	Other Disorders	101
9.10	Effects of Drugs Used to Treat Musculoskeletal Disorders on Oro-dental Structures	101
9.11	Summary	102
	References	102
10	Haematology and Patients with Bleeding Problems and Dental Practice	105
10.1	Points in the History	106
10.2	Problems with Red Blood Cells	107
	10.2.1 Anaemia	107
	10.2.2 Polycythaemia	108
10.3	Problems with White Cells	108
	10.3.1 Leucopenia	108
	10.3.2 Leucocytosis	108
	10.3.3 Malignancy	109
10.4	Problems with Platelets	110
10.5	Deficiencies in Clotting Factors	111
10.6	Vascular Problems	112
10.7	Fibrinolytic Problems	113
	10.7.1 Direct Oral Anticoagulants (DOACs)	113
10.8	Examination	113
10.9	Influence of Haematological and Bleeding Disorders on Dental Management	114
	10.9.1 Surgical Procedures	114
	10.9.2 Choice of Anaesthesia	116

10.9.3	Medication Prescribed	116
10.9.4	Cross-Infection Control	117
10.10	Conclusions	117
	References.	117
11	The Paediatric Patient and Dental Practice	119
11.1	Points in the History.	119
11.1.1	Background Information	119
11.1.2	Cardiovascular Conditions.	120
11.1.3	Respiratory Conditions	120
11.1.4	Haematological Conditions	121
11.1.5	Neurological Conditions	122
11.1.6	Renal Conditions	122
11.1.7	Hepatic Conditions	122
11.1.8	Endocrine Conditions	123
11.1.9	Drug Therapy	123
11.1.10	Craniofacial Disorders	124
11.2	Examination	124
11.3	General and Local Anaesthesia, Sedation and Management Considerations in the Paediatric Dental Patient.	125
11.4	Conclusions	127
	References.	128
12	The Older Patient and Dental Practice	129
12.1	Introduction	129
12.2	Points in the History.	130
12.3	Examination of the Older Dental Patient	132
12.4	Dental Management of the Older Patient.	133
12.5	Administration of Medicine and Prescribing for Older Dental Patients	134
12.6	Conclusion	136
	References.	136
13	Metabolic Disorders and Dental Practice	137
13.1	Introduction	137
13.2	Points in the History.	138
13.2.1	Hypercholesterolaemia	138
13.2.2	Porphyrias	138
13.2.3	Malignant Hyperpyrexia	139
13.2.4	Neuroleptic Malignant Syndrome	139
13.2.5	Glucose-6-Phosphate Dehydrogenase Deficiency.	139
13.2.6	Suxamethonium Apnoea	139
13.2.7	Haemochromatosis	140
13.2.8	Amyloidosis.	140
13.2.9	Abnormalities of Carbohydrate Metabolism	141

13.3	Examination of the Dental Patient with a Metabolic Disorder	141
13.4	Dental Management of Patients with Metabolic Disorders	142
13.5	Factors Affecting Dental Treatment Under Local Anaesthesia, Sedation, General Anaesthesia and Management in Dental Practice	143
13.6	Effects of Drugs Used in Patients with Metabolic Disorders on Dental Management	144
13.7	Drug Interactions with Drugs Used in Dentistry	144
13.8	Conclusions	145
	References.	145
14	Skin Disorders and Dental Practice	147
14.1	Introduction	147
14.2	Points in the History.	148
14.3	Categorisation of Skin Disorders	149
14.3.1	Lumps and Bumps	149
14.3.2	Vascular Anomalies	149
14.3.3	Malignant Conditions	151
14.3.4	Rashes	153
14.3.5	Collagen Vascular Diseases	157
14.3.6	Blistering Disorders	158
14.3.7	Skin Infections	159
14.3.8	Disorders of Hair	161
14.3.9	Disorders of Pigmentation	162
14.4	Miscellaneous Conditions	163
14.4.1	Genodermatoses.	163
14.5	Dental Management of Patients with Skin Disorders	163
14.6	Considerations for Treatment Under Local Analgesia with or Without Sedation and General Anaesthesia.	164
14.7	Impact of Drugs	164
14.7.1	Corticosteroids	165
14.7.2	Antimicrobial Drugs	165
14.7.3	Immunosuppressant Drugs.	165
14.7.4	Dapsone	165
14.7.5	Retinoids	165
14.8	Conclusion	166
	References.	166
15	Psychiatry and Dental Practice	167
15.1	Introduction	167
15.2	The Underlying Psychiatric Condition Is Exacerbated by a Visit to the Dentist or Creates Problems in the Consultation.	168
15.2.1	Anxiety.	168
15.2.2	Paranoia	169
15.2.3	Depression	169
15.2.4	Disinhibition	170
15.2.5	Hyperactivity	170

15.3	The Dentist May Detect a Psychiatric Illness	171
15.3.1	Eating Disorders.	171
15.3.2	Pain Syndromes	171
15.3.3	Hypochondriasis	172
15.3.4	Substance Misuse.	172
15.3.5	Psychosis: Hallucinations and Delusions.	172
15.4	Dental Complications of Psychiatric Illness	173
15.5	Psychiatric Illness Present but Unrelated to Dental Problems.	173
15.5.1	Dementia	174
15.5.2	Learning Disability	174
15.6	The Dental Professional May Be Affected by <i>a Psychiatric Illness</i>	174
15.6.1	Alcohol.	174
15.7	Capacity and Consent	175
15.8	What to Do When Problems Arise.	176
15.9	Psychiatric Assessment	176
15.10	Risk Assessment.	177
15.11	Conclusion	178
	References.	178
